A Century of Automotive Excellence

Peugeot has been at the forefront of automotive innovation for over a century. From the company's early days of producing bicycles to its current status as a global leader in automotive manufacturing, Peugeot has consistently pushed the boundaries of what is possible with the automobile.

The Peugeot Guide History Of The Automobile tells the story of this remarkable company and its iconic vehicles. The book is divided into six chapters, each of which covers a different era in Peugeot's history.

- **Chapter 1: The Early Years (1889-1914)**
- **Chapter 2: The Roaring Twenties and the Great Depression (1919-1939)**
- **Chapter 3: The Post-War Boom (1945-1960)**
- **Chapter 4: The Age of Innovation (1961-1980)**
- **Chapter 5: The Modern Era (1981-Present)**

Each chapter is packed with fascinating information and stunning photography. Readers will learn about the people who shaped Peugeot's history, the cars that made the company famous, and the technological innovations that have kept Peugeot at the forefront of the automotive industry.
