In this book, Rick Rossano, a renowned drummer and educator, breaks down the Roots' rhythm tracks into their component parts. He covers everything from the basic grooves to the more complex fills and solos. He also provides detailed instructions on how to produce Roots-style rhythm tracks in the studio.

Whether you're a drummer, bassist, guitarist, or producer, this book is essential reading for anyone who wants to learn how to play and produce grooves like the Roots.

Chapter 1: The Basic Grooves

The first chapter of the book introduces the basic grooves that form the foundation of the Roots' sound. These grooves are based on a combination of funk, soul, and jazz influences.

Rossano provides detailed instructions on how to play each groove, including the drum pattern, bass line, and guitar riff. He also discusses the different variations that the Roots have used on their recordings.

Chapter 2: The Advanced Grooves

The second chapter of the book covers more advanced grooves that the Roots have used on their recordings. These grooves are often more complex and require a higher level of technical skill to play.

Rossano provides detailed instructions on how to play each groove, including the drum pattern, bass line, and guitar riff. He also discusses the different ways that the Roots have used these grooves in their songs.

Chapter 3: The Fills and Solos

The third chapter of the book covers the fills and solos that the Roots have used on their recordings. These fills and solos are often very creative and help to add a unique flavor to the Roots' music.

Rossano provides detailed instructions on how to play each fill and solo, including the drum pattern, bass line, and guitar riff. He also discusses the different ways that the Roots have used these fills and solos in their songs.

Chapter 4: The Production Techniques

The fourth chapter of the book covers the production techniques that the Roots have used on their recordings. These techniques include drum recording, bass recording, guitar recording, and mixing.

Rossano provides detailed instructions on how to achieve the Roots' sound in the studio. He also discusses the different equipment and software that the Roots have used on their recordings.

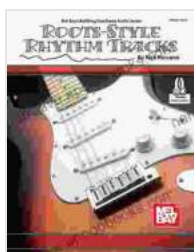

The Roots Style Rhythm Tracks is the definitive guide to playing and producing grooves like the legendary hip-hop band. This book is essential reading for anyone who wants to learn how to create solid, funky, and soulful rhythm tracks.
