**Unwanted Memories of Social Trauma: The Relational Perspectives Series** is a groundbreaking exploration of the psychological, social, and cultural dimensions of social trauma. This series of books offers a unique and comprehensive perspective on the profound impact of social trauma on individuals and communities, providing insights into the complexities of trauma recovery and the transformative power of interpersonal relationships.

The Relational Perspectives Series draws upon the latest research in trauma studies, social psychology, and cultural anthropology to provide a comprehensive understanding of social trauma. The series explores the ways in which social trauma affects individuals' sense of self, their relationships with others, and their overall well-being. It also examines the social and cultural factors that contribute to the development and perpetuation of social trauma, and it offers strategies for preventing and addressing its harmful effects.

The Relational Perspectives Series is essential reading for anyone who is interested in understanding the impact of social trauma. It is a valuable resource for researchers, clinicians, policymakers, and anyone else who works with survivors of social trauma. The series can also be used as a

teaching tool in courses on trauma studies, social psychology, and cultural anthropology.
